

1st Blockchain Vienna Meetup „Blockchainers.at“

Erhard Dinhobl

Matthias Reisinger

Today's Agenda

- Introducing the Blockchainers.at Meetup
- Getting familiar with the blockchain (URLs, Twitter Accounts, ...)
- Main Topic by Gerhard Dinhof – 2 years into blockchain business at IBM, teaching at Technikum Wien
- 4 Lightning Talks
- Interested? Write us a PM via [meetup.com](https://www.meetup.com/blockchainers.at)

The Meetup

• www.blockchainers.at

- Every 1 - 2 months a meetup
- Main Topic by persons working with the blockchain – no buzzword-bingo!
- Lightning Talks 5 mins each – no laptop
- Everyone can do a Lightning Talk related to blockchain – no one is wrong

• Twitter: @blockchain @CoinDesk @alt_bit_coins
@ethereumproject @VitalikButerin
@BitcoinMagazine

About Blockchain

- A car uses the technology „Wheel“ to do its job
- Bitcoin uses the technology „Blockchain“ to do its job
- The blockchain is NOT the „one-that-fits-everything“ technology but another new powerful decentralized distributed system architecture which has not been compromised until now!
